COVID – 19 Statement

Bishop Guertin High School has maintained live instruction since March 2020. Initially, students participated virtually in their scheduled live classes. During the 2020-21 academic year, Bishop Guertin implemented a flexible plan offering mostly in-person instruction, with hybrid and remote options available depending on local conditions until March 2021 when the school community returned to completely in-person learning. Classroom assessments and assignments continued and the school's grading scale was maintained throughout the pandemic. At all times, the academic development and whole-person formation of our school program has been continued. This fall we are operating completely in-person with no remote options.
