

BG SPANISH EXCHANGE PROGRAM

Host Family Experience

Each year, many BG families open their hearts and their homes to an international exchange student from *Colegio Sagrado Corazón*, our brother school in Vitoria, Spain.

Exchange opportunities provide students with a chance to make a life-long friend with someone from another culture.

For many exchange students, going to a cookout, attending classes at an American school or participating in after school sports practice is a novelty, an experience they'll remember for years to come. We invite you to share your home and traditions with an exchange student and show them what life is like for an American family.

Why Host?

- Meet exceptional students from another country
- Introduce your family to a new culture & language
- Build lifelong international friendships
- Change the course of a young person's life

What is required?

- Any BG family large or small with high school or middle school aged children
- Share your home and your heart
- Provide meals and a bed (students can share a room)
- Weekends are spent with host families

Coordinator: Alma Carroll carrolla@bghs.org
